

GreenTrends Sponsorships

GENERAL INFORMATION

Putting on a conference of this nature is an expensive endeavor for the non-profit Florida Green Building Coalition, Inc. In order to make the conference as affordable as possible, we depend on Sponsorships to help cover some of our cost. Since Conference Sponsors receive special acknowledgement on the conference website, at the conference, and in the promotional and program materials, this is an excellent way for a business or organization to receive considerable recognition, while at the same time helping to support a great new green building conference that is focused on the specific needs in Florida. We invite you to be part of this endeavor by becoming one of the sponsors for this year's GreenTrends 2004 Conference.
